

質量分析における先端技術

Symposium on Advanced Technologies in Mass Spectrometry

Organized by University of Yamanashi / Supported by MEXT

December 3, 2012

9:30-17:30 (9:00-registration)

University of Yamanashi (Multi-media bldg. 5F Multi-purpose hall)

山梨大学(情報メディア館5階 マルチメディア多目的ホール)

Free admission
Anyone can participate.
参加費無料(懇親会費別途)
どなたでも自由に参加できます。
当日参加も歓迎いたします。

Invited Speakers

招待講演者

Masamichi Yamashita (JAXA)

Jiro Matsuo (Kyoto University)

Zheng Ouyang (Purdue University)

Zoltán Takáts (Imperial College London)

Tenure Track Presenters

ティニュアトラック講演者

Interdisciplinary study of medicine and engineering

Lee Chuin Chen / Satoshi Ninomiya

Clean energy

Hisayoshi Matsushima

Creation of nano-photoelectron functions

Akira Ishikawa / Masaru Sakai / Atsushi Syouji

Integrated river basin management in Asian region

Kazuyoshi Souma / Tadashi Toyama

Ubiquitous nanomaterials for functional devices

Shintaro Ueno

Development of solar-to-chemical energy conversion materials

Toshihiro Takashima
